## Route 31 reopens; next phase starts

 Comments (No comments posted.)

ST. CHARLES – At 3:30 p.m. Tuesday, Route 31 officially was open in St. Charles.

The barricades and detour signs up on Route 31 in preparation for the First Street reconstruction project were being removed Tuesday afternoon, St. Charles officials said in a release.

The First Street road reconstruction project begins Monday. First Street, from Prairie to Indiana streets, will be completely closed.

St. Charles will install a temporary connection between Prairie and Limestone Drive to ease traffic circulation and access to area businesses.

This temporary connection is being built for local traffic only. Through traffic should use posted detours.

Questions or comments about the project may be directed to the First Street hot line at (630) 762-7097 or e-mail at [1stStreet@stcharlesil.gov](mailto:1stStreet@stcharlesil.gov).
